Churchill Clings To His Life Despite New Deterioration In Statesman's Circulation

By COLIN FROST

LONDON (AP) — Sir Winston Churchill — reported Wednesday night to be at a very low ebb — today continued his valiant struggle.

A medical bulletin issued at 12:16 p.m. said: "There is no change in Sir Winston's condition. There will be a further bulletin this evening."

Seven days after he was felled by a stroke, the 90-year-old statesman is in a semicomatose, but with momentary fleeting signs of consciousness.

Only members of the family inside the Churchill home at the time of the medical bulletin were Lady Churchill, 79, and young Winston Churchill, grandson and namesake of Britain's wartime prime minister. He is the son of Randolph Churchill.

It was the 14th medical bulletin since Churchill suffered a stroke last Friday.

MORE WEAKNESS

A new deterioration in the 90-year-old statesman's circulation was reported Wednesday night by his physician, Lord Moran.

"The weakness of Sir Winston's circulation is more marked. There is nothing else to report."

Interpreting the physician's announcement, a medical consultant said: "This indicates that what have been days of waiting may now be shortened to hours. The report of weakened circulation reveals that blood pressure is dropping and general bodily functions must soon fail."

3 VISITS WEDNESDAY

Lord Moran went to Churchill's bedside three times Wednesday, including an unexpected call in the afternoon. Asked Wednesday night if Churchill's life was at a "low ebb," he replied, "Yes."

As newsmen waiting near Churchill's Hyde Park Gate home sought additional information on the former prime minister's condition, Moran (Continued on Page 10)

EIGHT COURSES UNDERWAY IN NIGHT SCHOOL

After a week of class sessions in the adult evening school being conducted at the Gettysburg High School, eight courses have been established and will continue through the second semester, according to an announcement today by Jack R. Corbin, director of the adult education program.

The courses that have attracted a sufficiently large enrollment to continue are Spanish, German, sewing, oil painting, the Civil War and Gettysburg ceramics, typewriting and shorthand.

One hundred thirty persons are enrolled in these and a few cancelled courses, Corbin said. Refunds are being processed now for those pupils who enrolled in courses which did not attain the minimum enrollment figures.

The drafting, electronics and applied metalworking classes scheduled to meet this evening have been cancelled due to short enrollments.

The woodworking class will meet this evening in Room 102 of the junior high school from 7 to 10 o'clock and will continue for 10 weeks. Pupils who selected woodworking as their first or second choice should report, Mr. Corbin said.

Additional applicants will be accepted this evening and will be registered by the teacher in the classroom.

CHARGE DROPPED

Leonard M. Stevens, Smithsburg R. 2, in jail on a court process, appeared before Justice of the Peace Robert P. Snyder this morning for a hearing on a surety of the peace charge brought by Stevens' wife. The charges were withdrawn by the wife and the costs paid.

TRAILER HOME BURNS

New Oxford firemen were summoned at 5:43 this morning when the trailer home of Samuel Hoffman was destroyed by fire at the Shank's Trailer Court, between New Oxford and Hanover. There was no immediate estimate of the amount of loss.

DRIVER PAYS FINE

Katherine B. Miller, New Haven, Conn., paid a fine of \$5 and costs before Justice of the Peace Robert P. Snyder on a charge of failing to stop at a stop sign brought by state police.

UNITED FUND ELECTS GUISE AS PRESIDENT

D. Richard Guise, Gettysburg R. 2, whose term as campaign chairman last fall brought in the largest sum ever raised by a Gettysburg United Fund drive, was elected president of the United Fund Wednesday evening at its annual meeting held in the Adams Electric Cooperative building. He succeeds Sterling Musselman.

Named as vice president and chairman of this year's campaign was Wilbur Varian, local garment manufacturer. Dr. W. E. Tilberg.

D. RICHARD GUISE

retired dean of Gettysburg College, was renamed as managing director of the United Fund.

Guise's report as chairman of the annual drive showed a total of \$33,359 was raised during the campaign, \$1,359 more than the \$32,000 which had been set as the goal for the drive. It marked the first time in five years that the drive had gone "over the top."

TO STUDY EXPANSION
The possibility of extending the United Fund into a county-wide campaign was discussed at some length by the directors. A number of the organizations supported by the United Fund also hold annual drives in the county outside the Gettysburg area.

A committee headed by Dr. Tilberg was named to study the (Continued on Page 2)

AAUW BOOSTS ITS HELP ON SCHOLARSHIP

Gettysburg branch of the American Association of University Women Wednesday evening voted unanimously to increase its annual contribution to the association fellowship fund for graduate studies from \$200 to \$300.

This increase will be in addition to the \$400 scholarship which the branch awards biannually for each year of a two-year period to a local woman student.

The president, Mrs. James Sheen, announced that the book, "Public Buildings in Colonial Williamsburg," written by Marcus Whiffen, has been presented to the Adams County Public Library in memory of Mrs. Francis Mason, a founder of the local branch. The selection was based on Mrs. Mason's interest in architecture and in her native Virginia.

HEAR TALK ON YOUTH
After the brief business meeting, Richard D. Farrow, director of the Bureau of Youth Services of the state Department of Public Welfare, discussed "Youth and the Future." He asked the group to "share my concern for children."

Pointing out that our country cannot stand still, Mr. Farrow said: "Much that we are accustomed to must be changed and (Continued on Page 2)

Policemen Stop Blaze Early Today

Gettysburg Policemen Clarence H. Cluck and Paul B. Shealer extinguished a fire this morning at 12:30 in the Fred and Merl's Gulf station on Carlisle St.

According to the borough police report, Miss Allene Irvin, who resides at 108 Carlisle St., noticed what seemed to be a flame at the gasoline station and notified the two officers. They found an electric wire to a water heater was blazing.

After extinguishing the fire they notified the owners. There was no damage other than to the wiring.

SAYS COUNTY'S SEAT PERILED IN ASSEMBLY

Counties like Adams and Fulton will lose their seats in the House of Representatives at Harrisburg under a recent Supreme Court decision on reapportionment, State Senator D. Elmer Hawbaker told Adams County Young Republicans at a meeting here Wednesday evening.

The only hope of preventing the reapportionment ordered by the court for September 1 lies in securing passage by 34 states of a resolution calling for a constitutional convention to change the 14th amendment to permit states with bicameral legislatures to allot seats in one house without regard to population.

He said 16 states already have acted on the plan which he said has bipartisan support. He said "nothing less than the maintenance of our federal republic with its system of constitutional checks and balances and the very integrity of the states are at stake." The senator was introduced by Vice President John Olson.

135 PERSONS AT ANNUAL DINNER

The annual banquet for school personnel and directors of the Fairfield Area School District Wednesday evening was attended by 135 teachers, school employees and board members and guests in the Fairfield High School cafeteria. Special guests included M. Francis Coulson, county superintendent of schools; George Inskip, assistant superintendent; Miss Elizabeth Rutledge and Michael Behe, special education department.

D. K. Ernst, Reading, hypnotized eight volunteers. Door prizes of baskets of fruit, donated by Strausbaugh's Fruit Bowl and Newman's Superette, were won by Mrs. Kermit Spence and Harvey Walter.

The meal was prepared by the school cafeteria staff under the direction of Mrs. Charlotte Hull. Tables were decorated by the Future Homemakers Association of the high school, under the supervision of Mrs. Lucille Beale.

2 TROOPERS PROMOTED

Two state policemen at the Gettysburg Barracks were promoted and transferred to other assignments today.

Cpl. Robert Brady, for many years stationed here, was promoted to sergeant and transferred to Harrisburg. Brady began his most recent assignment here in 1962.

Trooper Charles J. Todd, 639 Red Patch Ave., who has been here since December 1, 1956, and who most recently has been assigned to criminal investigation by the local substation, has been promoted to corporal and transferred to Carlisle.

Cpl. Eric A. Borneman, who was stationed here from 1956 to 1960 and since then has been at Harrisburg, was reassigned here. Trooper Elmer A. Soprano, who served here for a period up to 1961, and then was on several assignments, most recently at Harrisburg, was also returned here.

FACE CODE CHARGES

Among those recently charged by Hanover police with motor code violations are Paul H. Ketterman, 59, 114 Steinwehr Ave., illegal turning; Thomas W. O'Donnell, 28, Gardner's R. 1, failure to obey traffic signal; Irvin Fair, Gardner's R. 1, faulty lighting equipment.

Musselman Rites Set For Saturday

Funeral services for Mrs. Minnie M. Musselman, 95, Fairfield R. 1, who died Wednesday morning at the Warner Hospital, will be held Saturday morning at 10:30 o'clock in the Wilson Funeral Home, Fairfield, with Rev. Otto Kroeger officiating. Interment will be in the Fairfield Union Cemetery. Friends may call at the funeral home Friday evening after 7 o'clock.

Widow of the late James Musselman, she was a lifelong resident of Adams County and daughter of the late Samuel and Regina (Walter) Walter.

Surviving are a daughter, Mrs. Mary Cluck, Fairfield R. 2; a son, Samuel Musselman, Fairfield R. 1; four grandsons and seven great-grandchildren.

She was a member of the Zion Lutheran Church, Fairfield.

NEW SERIES ON LOCAL AFFAIRS SOON ON WGET

Radio Station WGET today announced a new series of public affairs programs delving into Adams County. The series, entitled "Adams County Roundtable," will begin Friday evening at 6:35 p.m.

Friday was chosen for the first program as it marks the 165th anniversary of the incorporation of the county.

Adams County Roundtable will be designed to offer listeners an opportunity to listen as small groups of three or four citizens "discuss and examine Adams County, its history, its resources, its strengths, its weaknesses, where it has been, where it is now and what it might become in the future."

PLAN SKATING PARTY SUNDAY

The Gettysburg Moose lodge is planning a skating party for Moose members and their families Sunday afternoon from 1 to 5, weather permitting, officials of the lodge announced Wednesday evening at the first of two Ladies' Night banquets held by the organization.

According to the announcement, hot dogs, coffee and hot chocolate will be served at the skating party at the Moose Park, three miles east of here along the Lincoln Highway. If the weather becomes warm, and the ice on the pond is not suitable, the party will be cancelled.

About 1,000 attended the annual turkey dinner held by the lodge at its home on York St. Wednesday night. An additional 1,000 are expected for the second dinner this evening. Because of the 2,000 membership of the lodge, the annual ladies' night dinner is held on two nights, with half the membership asked to attend the first night and the other half the second night.

BEGIN SUIT HERE

Swift and Co., Baltimore, have started an action in assumpsit in county courts against LeRoy R. DeGroot Jr., trading as DeGroot Feed and Farm Supply, 101 Lumber St., Littlestown. According to the papers filed by Attorney Eugene R. Hartman, Swift and Co. allege it is owed \$641.78 for materials provided DeGroot.

290 MEMBERS ENROLLED BY FARM GROUP

The Adams County Farmers' Association is off to a running start in its annual membership drive, launched formally Wednesday evening at a kickoff dinner at Two Taverns. With a goal of 515 members, 290 had been enrolled before the dinner session.

The membership drive is being pushed today and Friday with a report session set up for Friday evening at 8 o'clock in Ditzler's Restaurant in Biglerville. Membership Chairman John Pitzer has promised special recognition for township teams that fill their membership quota by that time.

The membership campaign teams were given instructions and information kits Wednesday evening. President Charles L. Lott presided and then turned the meeting over to Chairman Pitzer.

REAPPORTIONMENT ISSUE

A "formula for success" in the campaign was given the teams by Rod Keener, area director for the Pennsylvania Farmers' Association in Adams and six other counties of the state. He told them: "Knowledge, plus tools, plus prospects, plus 'spizzintum' will bring success."

He said the reapportionment issue is the biggest facing Pennsylvania farmers today and said the Farmers' Association is the only organization that has taken a positive stand on the issue. He said state Senator D. Elmer Hawbaker will introduce a resolution in the senate at Harrisburg urging a constitutional convention that would act to supersede the Supreme Court decision on reapportionment.

ADAMS ON BORDERLINE
If population alone is the basis for representation, he said, 12 farm counties in the state will lose representation in the General Assembly. Six others, including Adams, are borderline counties, he added. Keener pointed out there are now only two farmers in the state senate and 13 in the House which has 209 members.

JAILED AS DISORDERLY

Bernard Eckenrode, 48, New Oxford R. 2, was placed in the county jail Wednesday night at 9:45 on a disorderly conduct charge brought before Justice of the Peace Donald Krepps, MeSherrystown.

The government also announced the arrest of 12 others in a riot Wednesday night.

The troops strung barbed wire outside the headquarters to head off further trouble.

The Buddhists closed their headquarters and one of the fasting monks said it would remain closed for the duration of the hunger strike as a further gesture of protest against Huong and his government.

REFUSES TO BOW

Huong, however, showed no sign of yielding. Since becoming premier on Oct. 30, he has steadfastly refused to bow to pressure from the Buddhist leaders, and the military has backed him up.

Johnson Had A Glorious Inauguration And Parade Wednesday; Nips Security

MOUNTAINEER TAKES LUCI J. TO BIG DANCE

WASHINGTON (AP) — Teen-age Luci Johnson's favorite boy friend finally made it home in time to take her to dance at the inaugural balls.

Paul Betz, 20, a premedical student, was busy taking exams at Mount St. Mary's College at Emmitsburg, Md. Luci was wearing his school pin at her father's noontime inaugural ceremony.

Luci went to all the other inaugural activities squired by Paul's older brother, Jim, 26. And, she made a big plea to the exam times so they won't conflict with future presidential inaugurations.

IMPORTANT EVENT

After all, Luci said, it was important for young people to be interested in politics and they ought to be able to come to see an important event like getting a new president.

When she appeared at the ball Wednesday night in a rose petal satin dress, her hair upswept with a glittering tiara, Paul was her partner.

A reporter asked if that was the missing young man, Luci replied with a happy smile and emphasis, "Yes, m'am."

Sister Lynda, 20, in a white silk gown and long white evening coat, also wearing a tiara in her hair, was with her favorite date, David Lefevre, a former Marine lieutenant who now works for a New York brokerage firm. He took her to all the inaugural events.

The 56-year-old President, in his great happiness, proved to be an iron man physically. He wound up the long day with an arduous round of ball-hopping.

Accompanied by the First Lady in her jonquil yellow satin dress, he attended the inaugural ball, spread out over five great halls. Some 26,000 people had paid \$25 a ticket for these kingly "dances." The decor, symbolizing "America the Beautiful," featured shining seas, waves of amber grain and spacious skies.

DANCES 9 TIMES

The Johnsons' first stop on the ball circuit was at the Mayflower Hotel. The President led the First Lady to the dance floor, and danced with her briefly before changing partners nine times. Then he spotted Mrs. (Continued on Page 10)

GAS FIRM TO MAKE REFUND; ASKS INCREASE

Columbia Gas of Pennsylvania today asked the Public Utility Commission to approve two rate reductions which total \$6,400,000.

One is a year-long temporary reduction which will refund \$5,000,000. The other is a firm rate reduction which will save Columbia customers an additional \$1,400,000 annually.

The two-sided rate cut was announced after Federal Power Commission authorized a multi-million dollar refund and rate reduction proposed by two other Columbia Gas System companies.

The move is the latest in a series of reductions and refunds that followed a fight on cross-country pipeline gas rates by Columbia and other Pittsburgh area gas companies, the Public Utility Commission and the city of Pittsburgh.

START IN FEBRUARY
The two rate cuts will start in February.

The temporary rate change will expire in February, 1966. With its completion, Columbia will have refunded its customers over \$13,500,000 in a 4½-year period dating from August, 1961, a spokesman said.

The cut in Columbia's firm rates, together with \$1,180,000 in annual reductions made earlier, will put Columbia's rates about \$3,150,000 a year lower than they were when they reached a peak in early 1960, the official said.

TROOPS GUARD BUDDHISTS

After Overthrow Attempt Touches Off Street Riots

By PETER ARNETT
SAIGON, South Viet Nam (AP) — Vietnamese infantrymen placed Saigon's Buddhist headquarters under virtual siege today after the Buddhist campaign to overthrow Premier Tran Van Huong touched off a street scuffle.

Inside the headquarters five leading monks went into the second day of a "fast to the death" unless Huong resigns. Only newsmen, monks and workers in the Buddhist organization were allowed to enter the main pagoda building where the monks were lying on cots under mosquito nets.

The infantrymen arrived after police clashed with a crowd of 30 youths heckling them outside the headquarters. Police arrested 10 of the youths.

WASHINGTON (AP) — President Johnson's inauguration day turned out to be a remarkable melange of solemnity, folksiness and fractured security.

The security was broken by the President himself. The inaugural parade had hardly begun when the ebullient President jumped out of his bullet-proof limousine. In long strides he proceeded to the band of his alma mater, Southwest Texas State College, and shook the hands of four girl banner bearers.

The important part was, of course, the swearing in and the inaugural address. And the reaction to this speech, in which Johnson branded poverty and ignorance as national enemies, and said such evils as racial injustice and international hatreds must go, was generally favorable.

"EXCELLENT" SPEECH
Many Republicans joined Democrats in applauding the goals, if not perhaps all the methods. Example: Rep. Charles A. Halleck of Indiana, who was deposed by colleagues as House Republican leader, called the speech "excellent." He added that of course there could be differences about specific programs.

The 56-year-old President, in his great happiness, proved to be an iron man physically. He wound up the long day with an arduous round of ball-hopping.

LEADERSHIP SCHOOL WILL OPEN FEB. 1

The annual Leadership Training School for Christian Education workers will begin on Monday evening,

PASTOR FROM AUSTRIA WILL SPEAK HERE

The Rev. Clemens Glaeser, a retired Methodist minister from Linz, Austria, will speak to the adults and youth during the Sunday School hour at 9:15 Sunday morning at the Gettysburg Church of the Brethren. Since his retirement from the pastorate a number of years ago, Mr. Glaeser has been serving as chairman and lecturer for the Austrian Temperance Society. He will tell about his work with this organization.

At a 7:30 meeting Sunday evening, to be held in the fellowship hall of the church, Mr. Glaeser will show slides of Austria and his work there.

Before World War II, Mr. Glaeser served Methodist congregations in what is now East Germany and in Czechoslovakia. Forced to leave Czechoslovakia by the advance of Russian troops into that area, he became pastor of a congregation in Linz, Austria, composed in large part of refugees from eastern Europe.

Mr. Glaeser has children living in East and West Germany, Switzerland, Canada, the United States and Austria. He is on his way back to Austria after attending a temperance meeting in Miami and visiting daughters and their families in Vancouver, British Columbia and Seattle, Wash.

The local congregation of the Church of the Brethren has a special tie with Austria through the presence there of Miss Sue Bucher, of Biglerville, who is serving under Brethren Volunteer Service. Miss Bucher has been in Austria a year, working several months in Linz, then in Vienna and now in Salzburg.

Another tie is the fact that the local pastor, the Rev. Merlin Shull, worked for the Brethren Service Commission in Linz from 1950 to 1953. During those years, he regularly attended services at the Methodist Church where Mr. Glaeser was pastor. Many times the Brethren workers were invited into the Glaeser home. The present visit will be the first time the two pastors have met since Mr. Shull's return to the United States in July, 1953.

The public is invited to attend the morning and evening services.

Jacob G. Appler In Tax Collector Race

Jacob G. Appler, 141 E. Broadway, today announced his candidacy for the Republican nomination for tax collector in Gettysburg.

A native of Two Taverns with his family when he was six years old, he has resided here since. He attended the Gettysburg Schools graduating from the high school here and during World War II was a member of the 19th Naval Construction Battalion (Seabees), serving 28 months in the South Pacific.

He established Appler's service station on Carlisle St. here, and then became Adams County treasurer in 1964. He was acting postmaster in Gettysburg from 1958 to 1961 when he was named acting chief assessor for the county. Shortly thereafter he was named both acting chief assessor and chief clerk to the commissioners. He is currently office manager for C. E. Williams' Sons, Baltimore St. He is a member of Trinity United Church of Christ, the Masons and the American Legion.

Married, he is the father of a son and daughter.

Arab Assembly Nominates Nasser

CAIRO (AP)—Gamal Abdel Nasser was assured election today to a third six-year term as president of the United Arab Republic.

Nasser, 47, was nominated by the National Assembly Wednesday night after a campaign of mass demonstrations and petitions in support of his candidacy.

He will run unopposed in March.

these changes will affect all of us. What will they do to our children?" He said that society's cultivation of the next generation is not always a thoughtful development and listed some of the goals which parents set for their children: to become good citizens, to assume the role of taxpayers, to be participants in social and cultural activities, to prepare for marriage and family life and to develop themselves and gratify their own needs.

The tools society has for promoting these goals, he said, are schools and family. Cultural activities, libraries, churches, laws and law enforcement, medical and psychological services are aids also. "But," Mr. Farrow asked, "how often do we turn to youth, how often do we ask what their goals are? We might be horrified as parents at the answer if we asked our children: 'How are we doing?'"

CITES CHILDREN'S NEEDS

He listed these needs of children: For activity, sensation, things to be curious about, finding out who they are, discipline and for having fun. But the needs of children and the goals of society clash and this conflict can produce either frustration or stimulation, he said. Some of the results of this conflict are: Well adjusted children, disturbed children, delinquency, do-less defeated children and children too highly organized at too early an age.

He indicated that these results should "make us reflect whether we are doing right with our children."

He cited the need for an expanded and more imaginative child welfare services. Turning to the president's program on antipoverty, Mr. Farrow said that he interprets it as basically "youth oriented" and aimed at breaking the cycle of poverty. Society today has the problem of fighting the rearing of children in poverty as well as creating greater productivity to absorb the expanding population, he said.

The speaker was introduced by Mrs. Arthur Boenau.

Jacobs Is Elected By Riding Club

Charles W. Jacobs, E. Broadway, was elected president of the Gettysburg Riding Club at its dinner-meeting in the Elks Club Tuesday night. He succeeds Leo McDermitt.

Charles Weaver was elected vice president; Mrs. Joseph Krug, treasurer; LeRoy H. Winebrenner, secretary, and Dr. Bruce N. Wolff, Lawrence Eckert and John Schroll, directors.

Preliminary plans were outlined for the annual Horse Show to be held this summer, with the president announcing plans to select the committees for that event in the very near future. The possibility of a change in date of the Horse Show was discussed, with no action taken.

Fifty attended the session at which movies were shown of the "Portland, Oregon Shetland Pony Show," and "Wildlife in Pennsylvania."

CURRENT STATE INSPECTION

REV. SENFT TO BE INSTALLED SUNDAY NIGHT

Installation of the Rev. Roderic M. Senft as pastor of First Lutheran Church, New Oxford, will take place at a vesper service Sunday at 7:30 p.m.

The Rev. Robert W. Koons, Gettysburg, dean of the Gettysburg District of the Central Pennsylvania Synod, will be the officiating minister. The Rev. Dr. Gordon E. Folkemer of St. Matthew's Lutheran Church, York, will preach the sermon, and the Rev. Dr. George E. Sheffer, York, a former pastor of First Lutheran, will conduct the liturgy.

Ministers of New Oxford and the surrounding area have also been invited to attend.

The Rev. Senft, 48, a native of York, graduated from York High School and was an active member of St. Matthew's Lutheran Church. He graduated from Gettysburg College in 1938 and completed his theological studies at Gettysburg Lutheran Seminary in 1941. He was ordained at Allentown in 1942.

He served the Plum Creek Charge in Northumberland County from 1942 to 1945; the Fayetteville Charge in Franklin County from 1945 to 1951 and the Jennerstown Charge in Somerset County since 1951.

The Rev. Senft also served as director of Camp Sequanota at Jennerstown from 1951 to 1955.

Following the installation, a reception will be held in the church basement.

4-H BABY BEEF CLUB MEETS

Plans to conduct a refreshment stand in connection with the Littlestown Bicentennial were outlined Wednesday evening at a meeting of the Adams County Baby Beef Club held in the Methodist Church here.

The club began Wednesday evening a three-session project of providing refreshments for the livestock clinic being held here under sponsorship of the livestock extension section of the Pennsylvania State University. The first session was held at the Adams Electric Cooperative Wednesday evening. The second will take place January 27 and the final session will be held February 3. Livestock Specialist Ben Morgan and Farm Management Specialist Jesse Cooper were the speakers Wednesday night.

Plans were also outlined for the annual Baby Beef club banquet to be held February 27 at 6:45 p.m. in the Zion United Church of Christ, Arendtsville.

Plans were made to place ear tags on the animals being raised by the members during a visitation to the various farms on January 30.

Cookies were distributed to be sold during the annual "cookie sale" of the 4-H clubs throughout the county. Also distributed were tickets for a public roller skating party to be held February 13 at the Mary Jane Roller Skating Rink.

President David Almonee presided at the meeting attended by 46 members and parents.

Proposed Levy On Amusements 10%

The amusement tax being considered as a possible levy by the Fairfield Area School Board was inadvertently listed as a one per cent tax in a recent news story. The actual amount of the tax, if it is levied, has not as yet been discussed. Most districts which have levied such a tax have chosen a 10 per cent figure.

The tax is one of a number under consideration by the school district. Under immediate consideration is the request by the county commissioners that school districts study the possibility of replacing the occupation tax with a wage tax. The tax committee of the Fairfield district is expected to give its recommendations on the proposal at a forthcoming meeting of the board.

TRADING SLOWS

NEW YORK (AP)—The stock market declined irregularly early this afternoon as trading slackened.

Losses of key stocks went from fractions to a point as profits were taken on the market's sustained rise to new highs which stalled Wednesday.

The trend was lower among steels, rubbers, aerospace stocks, electronics, nonferrous metals, chemicals, electrical equipments, oils, airlines and drugs.

Miss Bonna Byers, daughter of Mr. and Mrs. Leroy Byers, East Berlin, became the bride of Kenneth Krout, son of Mr. and Mrs. Kurvin Krout, East Berlin R. 1, Sunday at 2 p.m. in Holtschwamm Lutheran Church, East Berlin. The Rev. Jack E. Herrera performed the double-ring ceremony. Miss Joann Krout, sister of the bridegroom, was soloist. Mrs. Joyce Sealover was organist.

Miss Darlene Spangler, East Berlin, aunt of the bride, was maid of honor. Bridesmaids were Mrs. George Wolf, East Berlin R. 2, and Miss Victoria Byers, East Berlin, sister of the bride. Junior bridesmaid was Joyce Byers, East Berlin, sister of the bride.

The Misses Sonia and Gail Wolf, East Berlin R. 2, nieces of the bride, were flower girls. Jeff Byers, Hanover, cousin of the bride, was ring bearer.

Gerald Krout, Abbottstown, cousin of the bridegroom, was best man. Ushers were Ralph Myers, East Berlin, and Robert Linebaugh, Abbottstown, both cousins of the bridegroom, and George Wolf, East Berlin R. 2, brother-in-law of the bride.

A reception at the East Berlin

Fire Co. hall was attended by about 250 guests, after which the couple left for a wedding trip to Florida. They will reside at 148 S. Main St., Spring Grove.

The bride is a 1962 graduate of Bermudian Springs High School and is employed by Doubleday and Co., Hanover. Her husband is a 1961 graduate of Spring Grove Area High School and spent three years in the U. S. Army. He is employed by P. H. Glatfelter and Co., Spring Grove.

British Electors Vote For Cabinet

LONDON (AP)—Despite the political slowdown resulting from Sir Winston Churchill's illness, voters in two British election districts decide today whether key members of Prime Minister Wilson's cabinet will get seats in the House of Commons.

Foreign Secretary Patrick Gordon Walker, defeated in the October general election, is running in the grimy East London suburb of Leyton.

Minister of Technology Frank Cousins is fighting for his first parliamentary seat in the Midlands district of Nuneaton.

British political tradition requires that they have seats in Parliament to sit in the cabinet.

Fire Auxiliary Names Officers

TANEYTOWN — The Ladies' Auxiliary of the fire department met recently with President Carrie Austin presiding. General MacArthur's Headquarters On Luzon, Philippines: Tens of thousands of American troops, landing with Gen. Douglas MacArthur yesterday in Lingayen gulf on western Luzon island, drove tank-led spearheads south across flatlands toward Manila today in the climactic showdown fight for the Philippines.

Manila was less than 120 miles away through low, dry country excellently suited for the enormous quantities of mechanized equipment landed with the veteran fighting men from an 800 ship convoy which stretched out for 70 miles.

Twenty-four hours after the initial landings, made against amazingly light opposition at 9:30 a.m., the Sixth Army Yanks still were pouring ashore and over the same crescent of sand dunes the Japanese invaders used three years ago.

Landing losses were officially reported as very light.

General MacArthur, wading ashore with an assault wave, established headquarters on the island where his outnumbered men fought valiantly in defeat at Bataan and Corregidor.

A total of 142 tons of waste paper was collected in the county during the month of December, it was shown in a report of Dr. Eugene Elgin, of East Berlin, county salvage committee chairman.

Other scrap materials were gathered in the following amounts: Iron and steel, 78 tons; copper, bronze and brass, 50 pounds; used household fats, 6,007 pounds; and rags, 9,800 pounds.

Lt. Herbert Bryan, former principal of the Arendtsville vocational high school now serving in the Navy, and Cpl. Mack Raffensperger, son of Mr. and Mrs. W. A. Raffensperger, of Arendtsville, and a former pupil of Lieutenant Bryan, met recently in Hawaii, according to a letter received from their son by Mr. and Mrs. Raffensperger.

Corporal Raffensperger, who recently was promoted from the rank of private first class, has been awarded the expert infantryman's badge.

An older brother, Lt. Bruce Raffensperger, has just arrived in France, according to word received by the parents.

Kenneth E. Lawver, son of Mr. and Mrs. L. W. Lawver, Biglerville was a member of the first graduating class of 1945 at the Hondo Army Air Field, Hondo, Texas, this week.

Lawver received silver navigator's wings and commissioned as a flight officer.

Members of the Adams County company of Minutemen had their second evening on the rifle range Thursday when the 69 men present fired five rounds each with a .22 rifle on the indoor range at the armory on West Confederate avenue.

Top marksmen for the evening were Charles Cutshall, Arendtsville, with a score of 47 out of a possible 50, Cleason Stoner, New Oxford R. 2, Chester Shriver, Jr., Gettysburg R. 2, and Francis Gariach, Baltimore street, tied in second position with 46 points each.

Moscow, Jan. 15 (AP) — Russian armored forces surged through Southern Poland today to within 64 miles of the heavily fortified German Silesian frontier amid mounting indications that the new Soviet winter offensive may soon spread over the entire eastern front from

Today's Talk

FOR THE GOOD OF ALL

We would all be so much happier in this world if every effort toward the betterment of our community, our country, and the world at large was made with the idea in mind of the greatest good to the largest number. We confine ourselves to too many groups — usually in the minority — and try to force our ideas upon the many. That is the way it is in politics all too often. For the good of all is a fine idea for all of us to keep in mind.

The scientist works long and late at his experiments. He does not even spare his body. He keeps thinking of the good of all as he works and tries this and that for long periods of time. Continued atomic research and experimentation are bound to benefit all mankind if the major efforts are put forth so that the world may benefit and not be destroyed by it.

We can well afford to give in to others, and reasonably compromise, if the good of all is the objective. No bitterness should ever follow a majority decision. If that decision is bad and not for the good of all it can soon be corrected. We should all learn the great benefits that follow good sportsmanship in all walks and experiences of life.

Not only for the good, but the happiness of all, should be our objective. Great organizations would not run smoothly, and important things be accomplished, without the hearty cooperation and willingness of all to contribute their share. A few "trouble makers" can bring about a serious situation in any great group that may mean the unfortunate loss to many, as well as to all. We are of all makes of birth and circumstance, but if we keep in mind at all times the good of all, we ourselves will be happy and the best progress made.

If we were all made alike this would be a very uninteresting world. We need the knowledge and ingenuity of the many to give us incentive and ambition. It has been said that two heads are better than one. Well, a thousand heads or more working together for the good of all, can accomplish wonders. We ought to be considerate of the feelings of others, and we ought to respect the ideas and suggestions of others. This is the way to learn. And that is the way to get on!

"Confidence"
Presented, 1965, by The George Matthew Adams Service**Just Folks****THE MATERNAL ARGUMENT**
Mothers and grandmothers seldom agree

Over what best for the baby will be.

"New ways are better," the mothers insist.

"Babies should never be fondled and kissed!"

But grandmothers promptly and sadly reply:

"You were kissed often, and you didn't die!"

"Babies," say mothers, "should never be rocked;

Put them to bed and then keep the door locked!"

When of their comfort you haven't a doubt,

Don't go to learn what they're crying about."

"You weren't neglected," the grandmas reply.

"You were looked after, and you didn't die!"

"People at you were permitted to look.

You weren't brought up by the rules in a book.

You weren't enclosed in a window plate case.

I wore no strainer of gauze on my face.

A tender, devoted, proud mother was I.

I loved you, and spoiled you—and you didn't die."

Littlestown News**ADVANTAGES OF ETV CITED AT PTA MEET**

"Educational Television Possibilities and Problems" was the subject of the informative talk given by Miss Sara Drake, of the staff of WITF, Hershey, at the January meeting of the Littlestown Jointure Parent-Teacher Association held on Tuesday evening at the Rolling Acres Elementary School. The speaker was introduced by Herbert Yost, program chairman for the evening. Miss Drake, a former school administrator and teacher, pointed out the expense of the materials involved in the production of ETV. She said: "Educational television is not meant to replace the teacher, it is only an aid and supplement in presenting the lesson. It is a guide and enrichment to the school program and a discussion and evaluation should follow the viewing. A big advantage of ETV is the presentation of current subjects, where outdated materials might be used."

Miss Drake listed the following educational television programs and for what grades they are now being produced: Grades 1 and 2, science; 4-11, "World Today"; 4-6, physical education; Grade 9, Pennsylvania government and history; Grade 10, American history and biological science; 11, American literature and humanities; Grade 12, astronomy; there are evening programs for teachers and other adults.

BUDGET ADOPTED

Dale W. Starry Sr., president, presided. A woodwind ensemble, composed of junior high school students, played several selections under the direction of Larry E. McGriff, jointure music instructor. A quartet from the ensemble then played several numbers.

The Rev. Graham T. Rinehart reported for the budget committee, after which the budget was adopted by the group. Reports were heard from Miss Mary Catherine Shildt, secretary, and Mrs. Richard A. Little Jr., treasurer. The evening's attendance award went to the Second Grade taught by Miss Shildt.

Paul E. King, supervising principal of the jointure, announced that the teachers of the three jointure schools will have an in-service training meeting next Monday and the students will have vacation that day.

Refreshments were served to the group during the social hour. Founder's Day will be observed at the next meeting of the PTA on Tuesday, February 16. Mrs. Gilbert Evans is chairman for the program, for which the theme will be "How Can the PTA Help the School Program."

Rotary Magazine Week Observed

Rotary Magazine Week was noted at the dinner meeting of the Littlestown Rotarians Tuesday evening at Schott's Hotel. W. Richard Marshman and James Anthony of the magazine committee, presented a program which included a slide film with sound on "The Rotarian." Rotary International publication. The film showed various community projects of Rotary.

It was announced that members having numbered attendance pins and will receive new numbers are requested to turn in the pins at the meeting next Tuesday at 6:15 p.m. at Schott's.

Kuo Hsin Shen, visiting professor of political science at St. Joseph College, Emmitsburg, will be the guest speaker for the club next Tuesday. The program will be in charge of the international service committee composed of William Hendricks, chairman John B. Thrush, Luther W. Ritter, Howard A. Daum, Leonard L. Potter and Charles E. Rabenstein.

Dr. Richard N. Greenholt, Black Walnut District official, spoke to the post members, leaders and visitors in attendance on the Explorer program. Robert Altoff showed slides on the 1964 national Boy Scout Jamboree at Valley Forge. Post Advisor Stanley F. Frock, Assistants Lee Krout and Larry Altoff.

Plans to participate in a district Explorer camporee will be furthered at the post meeting on Monday at 7 p.m. The camporee will be held January 29 to 31 at Camp Tuckahoe near Dillsburg. Posts 84 and 79 of Gettysburg will be in charge of ice skating activities with Gerard as local chairman. Gregory Hill is in charge of general arrangements for Post 84.

The annual dinner program held during national Boy Scout Week will take place Tuesday evening, February 9 in St. Aloysius hall. Explorers, committeemen and parents will attend. Robert Altoff is event chairman.

JAYCEES WILL SHOW AWARDS

In observance of National Junior Chamber of Commerce Week, the Littlestown chapter will have a display, which includes the latest awards the chapter has received in the Robert Dillman barber shop window, on E. King St.

Among the awards displayed will be the Pennsylvania Jaycee "First-First to First" award received in the Jaycee year, 1962 to 1963. The award was presented to the chapter for their endeavors in assisting the Pennsylvania Jaycees to attempt to move from fifty-first in the nation to first.

The chapter and Individual Development award as well as the Community Development award from the 1963-1964 year, also received from the United States Jaycees, will be displayed. In January of 1964 the chapter received an award from the Pennsylvania Jaycees for an outstanding Jaycee Week program in Pennsylvania as compared with chapters of the same degree of membership. The Ralph Ruggles Jaycee of the Year award which was initiated in 1964 will be on display. J. Scott Zanger, current vice president of the chapter, was the first recipient of the award.

State President Morton Rosen will be the principal speaker for the Outstanding Young Farmer banquet next Tuesday at 7:30 p.m. in the parish hall of St. Aloysius Catholic Church.

A new extension homemakers' group was organized Tuesday evening at the home of Mrs. Fred King, Littlestown, with 17 homemakers present. Mrs. Helen D. Tunison, extension home economist, was in charge of the organization which selected the name of Centennial Homemakers' Group and named Mrs. John Morehead chairman, with Mrs. William Karns, assistant chairman. The group will meet next month at the home of Mrs. Noah Strevig.

The Seventh and Eighth grade basketball team of Littlestown Junior High School will oppose the New Oxford team on the home court at 4 p.m. on Friday. The varsity and junior varsity teams of the local high school will play at New Oxford High School on Friday evening.

Benefit basketball double-headers will be played on Saturday evening, February 6, in the Littlestown High School gymnasium. The purpose of the games is to raise funds for the youth room of the Community Center. The first game will begin at 7 p.m. and will oppose the local high school faculty against a team from out of town. The Littlestown High School alumni will play the New Oxford All-Stars starting at 8 p.m. There will be special half-time entertainment. Admission is 35 cents for students and \$1 for adults.

Five Children, Mother Perish

MINETTO, N.Y. (AP) — A mother and five of her 10 children died Wednesday night in flames that destroyed their two-story frame home.

The father led the other five children to safety.

Firemen said the victims were Valeta Petrie, 35; and the children, Susan, 8; Barbara, 4; Bryan, 1; James, 6; and Gary, 13. The bodies of the children were recovered.

Tunis Petrie, about 40, was hospitalized with smoke inhalation, burns and shock suffered, firemen said, when he tried to rescue his wife and the five children from the home, about seven miles south of Oswego in central New York state.

He had tried to re-enter the house after leading to safety Randy, 12; Nancy, 7; Rodney, 3; Roger, 9; and David Stevenson, 17, a son of Mrs. Petrie by a previous marriage.

Oswego County sheriff's deputies said a space heater apparently touched off the fire.

Cambodian Prince Plans Moscow Visit

PHNOM PENH, Cambodia (AP) — Cambodia's leftist chief of state, Prince Norodom Sihanouk, will visit Moscow sometime in May, it was announced today.

In a message to Soviet President Anastas I. Mikoyan, Sihanouk said, "My visit to your great country will contribute to the friendship which unites the Cambodian and Soviet peoples."

Sihanouk, a strident critic of the United States, visited Communist China last year.

By AUSTIN SCOTT

NEW YORK (AP) — A possible early end to the crippling Maine-to-Texas dock strike was in the hands of striking New York longshoremen today, as they voted a second time on a contract they rejected two weeks ago.

Thomas W. Gleason, president of the AFL-CIO International Longshoremen's Association, says he has received enough petitions and telephone calls to assure acceptance of the proposed contract with the New York Shipping Association.

But even if his prediction proves correct, contract disputes in other ports could prolong the 11-day walkout that has idled 343 ships on the East Coast.

60,000 ARE IDLE

Some 60,000 men are idle and estimates of the cost to the national economy range from \$20 million to \$67 million a day.

However, an Associated Press survey indicated that the strike's full impact has not been felt in some areas.

Boston reported losing \$500,000 weekly. Officials commented that many industries apparently were unaffected since they had not used up inventories of raw materials since the walkout began.

New York's loss is figured at \$12 million a day.

The Gulf Coast walkout has more than quadrupled the import of bananas at Tampa, Fla., where dock workers are unaffected since they are under a separate contract. Most of the fruit was diverted from New Orleans.

Princess Plans First U. S. Visit

NEW YORK (AP) — Princess Benedikte, second daughter of Denmark's King Frederik, will pay her first visit to the United States in May.

The Danish Information Office in New York said the princess will visit this country for eight days, starting May 3.

Phelan Sees Thorny Road For Mount Cagers Seeking Mason-Dixon Championship

Despite a gaudy 7-0 Mason-Dixon Conference record and a 13-1 overall log, Coach Jim Phelan sees nothing but a thorny road ahead for his surprising Mountaineer five. Following the exam break, the Mounties face tests from seven conference opponents with only two games at home, four away and one on a neutral court, the February 4 fray with tough Loyola at the Civic Center in Baltimore.

While the Mountaineers have knocked off most of the conference elite, they have been facing nothing but teams undefeated in conference play—Catholic, American, Randolph-Macon, Loyola and Western Maryland—and the road has not been easy. Only the Randolph-Macon game was an easy one. A false step anywhere along the line and Mountaineer title hopes are jeopardized since Western Maryland, Loyola and Catholic are standing by waiting to move into first place. Aside from games with the Mounties, the Terrers have only Loyola to bar the way. Loyola must face Catholic and American. The Mountaineers must play Roanoke and Hampden-Sydney away, American at home, Western Maryland at Westminster and Loyola. There is little margin for error.

BENCH BIG FACTOR

Key to Mountaineer success has been Jim Phelan's magic with his bench. Night after night he picks the guy most fans think least likely to help and gets a whale of a performance. Lou Martine, Ed Sarnir, Jim Livelsberger, Mike Johnston, Fran Ferty and the rest of the scrubs have all had their moments of glory and lifted the varsity to wins in tough going.

Phelan's crew has a way of shacking opponent high scorers. Typical was the shutout job the Mountaineers did on Catholic U's Charley Boylan. Against Washington College two weeks ago Boylan broke the M-D record with 60 points. The Mounties shut him out without a point. Phelan stresses aggressive, dogging, tenacious defense and more often than not gets it from his squad. Chances are that in the tough going, the Mountaineers will win with defense. The 14-point edge in scoring that the Mountaineers have over opponents points to the defensive edge.

SQUAD WITHOUT STAR

The current Mount squad boasts no stars. Scoring is spread evenly among the five starters—all but one double figure shooters with only Jack Campbell lagging at 9.5 per game. As a unit the starters have been hitting on 46 per cent of their shots from the floor with a 71 per cent mark from the foul line.

The hardest games the starters get comes from the second unit. So effectively had the second team been that Phelan moved them as a unit into the starting lineups against Catholic U. in the Cardinal gym. After 12 minutes of play, the battle was a standoff with the score tie. But Tom Young's proteges had picked up costly fouls that gave Phelan's top crew an advantage in the waning moments. Against Western Maryland it was Jim Livelsberger who came off the bench to toss in a vital bucket, set up Folk for another and force a walk from the Terrers. Phelan and the Mounties have been living right and have their fingers crossed that Lady Luck keeps smiling in the month ahead. For the first time in five campaigns, injuries have not hobbled the club and Phelan has been at full strength for every game.

HERSHEY TIES IN OVERTIME

By THE ASSOCIATED PRESS
As long as Gerry Cheevers is in goal for Rochester, it seems unlikely that the Buffalo Bisons will overtake the Americans in the American Hockey League's Western Division race.

Cheevers posted his third shutout over the Bisons 1-0 Wednesday night, enabling the first-place Americans to move 12 points ahead of runner-up Buffalo.

Pittsburgh nipped Springfield 3-2 while Cleveland battled Hershey to a 2-2 overtime tie in other games.

Wally Boyer won the game offensively for the Americans, scoring the lone goal unassisted with 79 seconds to play. Boyer picked up the puck after a scramble around the Rochester goal, skated in all alone and fired past Buffalo goalie Ed Chadwick.

Cheevers' shutout was his fourth of the season, tying him with Chadwick for the league lead. Buffalo won the first two games between the teams this season but since a scoreless tie,

WASHINGTON (AP) — Nick Altrock, one of baseball's most famous funnyman, is dead at 88. Altrock died Wednesday night after a lengthy illness. He had suffered a stroke 2½ years ago.

Once one of the American League's top pitchers, a sore arm sent Altrock into the comedy field where his zany antics captivated first the rock-ribbed baseball fans, and later, vaudeville audiences.

The showmanship first came to light when he pitched for Los Angeles in the Pacific Coast League before the turn of the century. One day, he gave up a walk and then picked off the runner.

WALKED 7, NIPPED 6
Pleased with himself, he purposely walked seven more men during the game, picking off six of them.

As a comedian, Altrock worked first as a single, capitalizing on a shadow-boxing routine, one-man wrestling bouts, juggling and mimicry. Then the late Clark Griffith, owner of the Washington Nationals, teamed him up with another clown, Al Schacht.

The two became fixtures at World Series contests and were a big drawing card for the Nats both at home and on the road.

IN VAUDEVILLE
They were headliners in vaudeville and even made a movie short in Hollywood. They feuded in the early 1930s, and although the act continued, they seldom spoke to each other.

The two were best known for their pantomimes of the sports highlights of the day. They enacted the Dempsey-Firpo fight, did a takeoff on Notre Dame's Four Horsemen and made like tennis queens Suzanne Lenglen and Mary Browne.

The act finally was broken up when Schacht became a coach for the Boston Red Sox in 1934. As a left-handed pitcher, Altrock had a lifetime record of 84 victories and 75 losses.

TRADE HAYNES TO BRONCOS

KANSAS CITY (AP) — Swift, tricky Abner Haynes — who thought he had proved to the Kansas City Chiefs that the day of the 190-pound running back isn't over — was traded to Denver Wednesday for linebacker Jim Frasier.

Haynes, the first big name in the American Football League, was named the AFL's Comeback of the Year last fall by the Associated Press. After a bad season in 1963 — the club's first in Kansas City — Haynes came back with 713 yards and a 5.2 average, plus several long runs.

It's no secret, however, the Chiefs still regarded his 190-pound size a drawback in an era of 225-pound backs and 245-pound linebackers. More important, they needed linebacking after E. J. Holub's knee operation. Kansas City received an undisclosed amount of cash in the trade.

Fraser, 6-3 and 236, is an excellent linebacker and outstanding punter. He has led the AFL in punting two straight years, and set an AFL record of 46.1. He's a four-year veteran from Wisconsin and 28 years old.

BELL SPEAKER AT PAROCHIAL GRID DINNER

Alex Bell, former football coach at Delone Catholic and now head football coach at Villanova University, came "home" Wednesday evening. The Villanova coach was the guest speaker at a banquet honoring the boys who played in the Parochial School Football League during the past fall. Bell, who spent only five years at Delone, told the young football players and their fathers who assembled at the Conewago Chapel hall that he still thinks of this area as his "home."

Msgr. Patrick McGee, McSherrytown, offered the invocation. After the meal, Tom Sterner, master of ceremonies, introduced members of the present Delone football staff. The introduction of each team member of the league followed. Sterner then presented the guest speaker.

ADVICE TO BOYS

Bell's main advice to the boys was to "keep studying in school because athletics and school work do mix." Bell, one of the most successful coaches in college ranks, also told the boys what makes a good athlete. "Love for the sport, self-sacrifice, conditioning, good attitude, and pride," said Bell, "are the main factors in the making of a good athlete."

More advice to the youngsters was to "play to win, but if you lose, accept it. 'However,' continued Coach Bell, "do not play to lose."

Coach Bell concluded by telling the fathers why football is a good game and what it teaches young men. Here he included the "teaching of discipline, obedience, sportsmanship, and other important lessons which can be carried out through a lifetime."

Msgr. McGee, who announced his age at the gathering as 76, thanked Coach Bell and made some comments of his own. He told the crowd of more than 200 that Coach Bell was "one of us when he coached at Delone and he is always welcomed at our affairs."

LEAGUE MEMBERS
Members of the league include the following schools: St. Francis, Gettysburg; Sacred Heart, Conewago; St. Vincent's and St. Joseph's, Hanover; Paradise, Abbotstown; St. Joseph's, Bonneauville, and annunciation, McSherrytown. St. Joseph's of Bonneauville won the 1964 title.

Rev. John Bolen, pastor at Conewago, gave the closing prayer.

William Krepps and Bernard Smith were in charge of arrangements and were assisted by Rev. Thomas Lawler, league coordinator.

CANADIENS WIN 3RD STRAIGHT

By THE ASSOCIATED PRESS
About 15 months ago an injured Gump Worsley lost his job as Montreal goalie to Charlie Hodge. After five days, Worsley has won back possibly more than half a share of it.

The Canadiens recorded their third straight triumph 2-1 over Toronto Wednesday night, all of the victories having come with Worsley in the net. The decision enabled first-place Montreal to maintain its two-point margin over Chicago in the National Hockey League.

The Black Hawks trounced Boston 7-1 in the other game. The Canadiens acquired Worsley in 1963 after he had spent 10 seasons with the New York Rangers. He started the 1963-64 season for Montreal but was hurt in the eighth game. When he recovered, he was sent to Quebec of the American League while Hodge guarded the net regularly.

But Worsley was recalled to Montreal last Saturday so Hodge could receive a rest. In three games, Worsley has allowed five goals, and the Canadiens have moved from two points behind the Black Hawks to two points in front.

2 UNKNOWN LEAD BOWLERS

PHILADELPHIA (AP) — A pair of tall, lanky unknowns knocked off some of bowling's biggest names Wednesday and will lead their respective divisions into the seventh round of the All-Star Bowling Tournament today.

Jerry McClary of Denver, who shattered the qualifying records for six and 12 games earlier this week, took command of the American Division when he won 10 of his first 12 games in the finals. Two-time Champion Dick Weber and Ray Bluth, both of St. Louis, compiled the best averages in the same division, 218, but won fewer games and had to settle for second and fourth place, respectively.

Don Daugherty, a 6-foot-4, 165-pound bowler from Clearwater, Fla., claimed the lead in the National Division with a nine win, three loss record. Jim St. John, current World's Invitational champion from Santa Clara, Calif., had a better pin total but had to settle for second place because of his 8-4 record.

McClary, 29, an All-Star rookie, knocked heads today with 1964 runner-up Tommy Tuttle of King, N.C., and three members of the St. Louis tenpin dynasty — Weber, Bluth and Bill Welu.

Weber and Welu are former champions. McClary more than held his own against the strongest men in his field, but made up most of his ground when he whipped John Fonagy Jr., of Buffalo two straight with 239 and 263.

EVANSVILLE IS HOLDING LEAD

By THE ASSOCIATED PRESS
The state of Indiana has only one team representing it among the first 10 in The Associated Press' weekly small-college basketball poll today. But it's a mighty good one, the Evansville Aces, who show no signs of relinquishing their position as kings of their group.

Actually, the states of North Carolina, Ohio and Pennsylvania boast the most teams in the latest top ten, two each. Texas, Louisiana and Tennessee also have one apiece.

Evansville picked up 10 first-place votes and 135 points in the balloting by 14 regional experts based on games through last Saturday. The Aces upped their record to 13-0 last week with conquests of Kentucky, Wesleyan and St. Joseph's, Ind.

The top ten, with first-place votes in parentheses, and points:

1. Evansville (10) 135
2. High Point (2) 114
3. Winston Salem 72
4. Pan American 53
5. Grambling 36
6. Wittenberg 31
7. Carson Newman 30
8. Philadelphia Textile 21
9. Central State, Ohio 17

Carol Channing Extends Contract

NEW YORK (AP) — Carol Channing, star of "Hello, Dolly!" since the Broadway musical opened, has agreed to extend her contract until June 1, 1967.

A spokesman for producer David Merrick said Wednesday it was the longest commitment a star has had with a producer. As a result, Miss Channing will get 10 per cent of the receipts instead of 7½ per cent. The show has taken in \$73,000 a week since its opening at the St. James Theater on Nov. 18, 1963.

LOW BIDDERS

HARRISBURG (AP) — A Pottsville firm is the unofficial low bidder at \$139,000 on construction and extension of utility lines at Kutztown State College, the General State Authority announced Wednesday.

VIRDON SIGNS

PITTSBURGH (AP) — The Pittsburgh Pirates said today that outfielder Bill Virdon has signed a contract for the 1965 season. Virdon, 33, batted .243 in 145 games for the Pirates in 1964.

BIG SPLURGE BY CELTICS TAKES 15TH

By GORDON BEARD
Associated Press Sports Writer

BALTIMORE (AP) — The Boston Celtics haven't lost a game since last year. The way they're going, they may not lose any until next year.

The perennial National Basketball Association champions won their 15th straight outing Wednesday night, crushing the Baltimore Bullets 131-105 with a 40-point splurge in the last quarter.

That inched the Celtics to within two of the NBA's record winning streak, and they could have the mark all to themselves by Sunday.

In other games Wednesday night, the Cincinnati Royals spurred away from the Detroit Pistons in the final five minutes to wrap up a 102-90 decision, and the Los Angeles Lakers boosted their Western Division lead to one full game over the St. Louis with a 119-103 victory over the New York Knickerbockers.

With Oscar Robertson held to 11 points — only the second time in 16 contests he has failed to top 20 this season — Jerry Lucas took over as the Cincinnati hero. Lucas grabbed 37 rebounds to set a record for Detroit's Cobo Arena and also scored 18 points. Jack Twyman tallied 21 to pace the Royals, who twice blew 10-point leads before pulling away. Eddie Miles topped Detroit with 20 points.

KANSAS STATE BEATS KANSAS ON LIGHT CARD

By TED MEIER
Associated Press Sports Writer

Big 6-foot-11 Walt Wesley of Kansas probably will receive much consideration when All-America voting time arrives in college basketball next month.

He showed his qualifications by scoring 30 points against Kansas State Wednesday night although the Jayhawks were beaten by the Wildcats 71-63.

Roy Smith, almost as tall as Wesley at 6-10, threw in 25 points, his career high, to lead Kansas State back into contention for the Big Eight crown.

A crowd of 12,000 turned out for the game at Manhattan, Kan. It topped the slim national program, cut to a minimum by midyear exams.

Florida State scored its ninth straight home-court victory defeating Georgia Tech 72-65. Other home-court triumphs were registered by Dayton and Rhode Island.

Dayton downed Chattanooga 96-80 and Rhode Island took Northeastern 87-77 behind Dennis McGovern's 38 points. Henry Finkel tallied 36 points for Dayton.

None of the Top Ten teams in The Associated Press poll saw action, but the unbeaten Evansville Aces, the No. 1 small-college team, won their 14th straight by edging Southern Illinois 81-80. The Aces won in the last six seconds on a layup by Larry Humes, who scored 38 points.

HERNANDEZ IS ON THE WAGON

CARACAS, Venezuela (AP) — Fun-loving Carlos Hernandez, who brought Venezuela its first world boxing title, has made a noble pledge — but it is not the one Eddie Perkins wants to hear.

Hernandez, 24-year-old Caracas battler and sometimes playboy who dethroned junior welterweight champion Perkins on a 15-round split decision Monday night, told Venezuelan President Raul Leoni Tuesday: "I promise I won't drink another drop of liquor as long as I am champion."

Hernandez' climb aboard the wagon, after being suspended and stripped of his national title two months ago for a drinking spree in the streets, pleased everyone except Perkins.

All the Chicago fighter wants is a return match but the new champion has turned him down. Carlos, instead, is talking about a lightweight title fight with champion Carlos Ortiz of New York.

24th Bing Crosby Tourney Begins

PEBBLE BEACH (AP) — Bing Crosby's 24th annual Golf Tournament, a rather massive assault on the imagination in a four-day run that presents 174 professionals and an equal number of amateurs, got under way today.

The Crosby is a highlight fixture on the winter tournament tour. It features 72-hole performances for the pros, tied in with 54 holes for the pro-am teams, for a total purse of \$84,500. It is staged over three golf courses in this showplace country of the Monterey Peninsula.

It also features at least one, if not four, days of extraordinary weather, ranging from rain, snow and wind to beautiful skies of blue. No sane person would dare predict elements from day-to-day on any of the three courses.

WHITE SOX AND INDIANS GAIN IN BIG TRADES

By JOE REICHLER
Associated Press Sports Writer

The Chicago White Sox strengthened their weak spot in acquiring catcher Johnny Romano and became a stronger American League pennant threat than ever.

Cleveland moved into the pennant contention by getting back right-handed slugger Rocky Colavito, who also figured to make the turnstiles click merrily.

Kansas City got some new faces.

That appears to sum up the three-club, eight-player deal the White Sox, Indians and Athletics announced Wednesday.

STARTED LAST MONTH

The multiple transaction, originated at the baseball convention in Houston last month, went like this:

The Indians gave up Romano, pitcher Tommy John and outfielder Tommie Agee to the White Sox. Chicago sent outfielders Jim Landis and Mike Hershberger and a still unnamed pitcher to Kansas City and catcher Camilo Carreon to Cleveland. Kansas City sent Colavito to the Indians.

The unnamed new Kansas City pitcher is believed to be either veteran Johnny Buzhardt, Dave DeBusschere or rookie Fred Talbot.

POPULAR PLAYER

The Indians, who have suffered both on the field and at the gate ever since they traded Colavito to Detroit back in 1960, not only have added right-handed hitting power which they sorely lacked, but regained one of the most popular players ever to wear an Indian uniform.

Gabe Paul estimates the Rock's presence will add at least another 150,000 to Cleveland's attendance next season. The Indians' club president also believes the 31-year-old outfielder's acquisition will make a pennant contender out of last year's sixth-place club. Despite a .274 batting average, Colavito blasted 34 home runs and drove in 102 runs.

Charles Finley, owner of the Athletics, rejected a flat \$300,000 offer from Paul for the slugger at the Houston meetings.

The offer came the day after the Indians had acquired Chuck Hinton, a right-handed hitting outfielder, in a trade with Washington.

Cleveland now has four top outfielders in Colavito, Hinton, Leon Wagner and fleet center fielder Vic Davellilo. Manager Birdie Tebbetts may use Rocky at first, or switch Hinton to second, so he can employ all of his power in a balanced line-up.

Getting Romano back fills the White Sox biggest need. Catching was Chicago's biggest weakness in 1964 when the team finished only one game behind the champion New York Yankees.

HAD 19 HOMERS

A left-handed long-ball hitter, the 30-year-old backstop figures to add sock to the White Sox batting order. He hit 19 home runs despite a long layoff due to an injury. He batted .241.

Traded away by the White Sox to the Indians after the 1959 season, Romano developed into one of the league's better catchers. He was named twice to the All-Star team.

"We've been trying to get John back for two years," said White Sox Manager Al Lopez.

Lopez figures that John, a left-hander, will take up some of the southpaw slack created by the departure of left-handers Frank Baumann and Don Mossi.

Family Submarine Steals Spotlight At Boat Show

By JIM BECKER
Associated Press Sports Writer

NEW YORK (AP) — Have you always wanted to own your own submarine? Or has the subject never crossed your mind?

Either way, you may as well know that the family submarine is here to stay. Or at least one of them is, and when the shiping strike is settled there will be more on the way.

The one-man sub currently is on display at the annual National Motor Boat Show in the New York Coliseum.

PRICE IS \$3,995

The little bubble top stole the show from the floating boats — more than 500 of them — ranging from a one-paddle canoe for \$69 up to \$70,000 for a job that is so fancy you have to make an appointment to get on board.

In that company, the \$3,995 tab on the one-man sight-seeing submarine does not seem out of line, if you are looking for a submarine.

The thing is called a Perry Cubmarine, after John Perry, a Florida publisher who long has been interested in seeing to it that other people have a sub around the house.

SOLD OVER 30

"Mr. Perry has been manufacturing and selling submarines, as a part of his business, to industrial firms, museums and such for several years. He has sold more than 30 of them," said Vincent R. Bailey, a Perry executive.

The sub is shaped like a fat cigar with a glass bulge on the top. It's about 10 feet long, and weighs 1,400 pounds. Top speed is five knots on the surface, and 3½ underwater. The sub looks cramped, but it isn't.

EXPLAINS OPERATION

"You just climb up on the top, stick your feet in, support your weight with your arms, let your

feet down into the front end, and slide into the seat. Like the ads on television," Bailey said.

"See," Bailey said. "You work the pedals with your feet, and the depth rudder is the stick between your legs."

How do you get down?

"Flood the tanks until the surface of the water creeps up to the glass dome. Now you've got positive buoyancy. You drive the boat down with the motor."

ESCAPE PLAN PROVIDED

And how do you get back up? "You go up with the motors. Or if your motor quits it will rise on its own, because of the buoyancy. Or you can blow either of the tanks, with those levers."

"And if there's still something wrong — say you're stuck in some wires, or a wreck — you push the lever on the right. That floods the sub and also releases the canopy."

"You grab the two handles on the canopy and float to the surface with your head inside it. You breathe normally all the way up."

"And hold on to the canopy. When you come back to buy another submarine it won't cost you as much," Bailey said, "because you've already got a canopy."

KANSAS CITY (AP) — Oregon State, Texas Tech, Western Kentucky and Pennsylvania were named today as the host schools for first-round games of the NCAA Basketball Championships.

First-round games will be played March 6, 8 or 9. Bernie Shively, Kentucky athletic director and tourney chairman, said first-round games in the Midwest at Western Kentucky will be March 8, but dates at the other sites haven't been selected.

Romania Pushing Aside Russ Controls; Reaching For Support From West

By PRESTON GROVER
BUCHAREST, Romania (AP)—Romania is firmly pushing aside the strong hand of Russian controls on her industry and society, and reaching for help and support in the West.

Next to Yugoslavia, Romania has taken the most independent stance of any of the East European states. The attitude of her Communist party leaders reflects a general loosening of the Soviet grip through the Red belt in the wake of de-Stalinization, de-Khrushchevization, and the clash with Red China.

The country doesn't intend to try to break out of the Soviet orbit, not now, even though delegation after delegation has headed westward in recent months building up political, cultural and especially business contacts.

LOWER TRADE BARRIERS

The United States has lowered some of its own trade barriers with the immediate result that American companies have agreed to build two new facto-

ries in Romania, the first in years.

Many things have been done to emphasize Romanian nationalism and reduce Russian influences.

The younger generation seems all for it.

"It is the new renaissance," said one young intellectual at a dinner party.

SOME MORE CAUTIOUS

Older people are more cautious, although they, too, know of relatively bold steps toward what many here speak of as "de-Russification."

The Romanians have had to switch political affiliation so many times through the centuries that it is a wonder they preserve any nationality at all.

They are a Latin country, especially in language, and almost equally in appearance and manner of speech and gesture.

They had horrible experiences in both world wars. They were allied with Germany in 1914, but after two years of neutrality sided with the Allies. They were

promptly overrun by the Germans, Austrians and Hungarians.

BUYING FACTORIES

The country was virtually occupied by the Germans before World War II started. It soon was shared out like war booty. Without a shot, Russia, with Adolf Hitler's agreement, occupied Bessarabia as far south as the mouth of the Danube. Hungary took Transylvania.

Romania, with little choice but much enthusiasm, joined Germany in the attack on Russia and took back Bessarabia. The country was chewed up by both sides when, late in the war, she switched and turned on Germany. She was occupied by the Russians, and lost Bessarabia again and it remains in Russian hands.

As one of their gestures of independence, the Romanians now are hinting that Russia should return Bessarabia.

CHEWED UP BY WAR

These are quiet hints, but they are all part of the de-Russification proceeding on many fronts.

Western support is coming especially from France and Italy.

As a result of a visit to Washington last summer by Gaston Marin, chairman of the National Planning Commission, Romania recently signed contracts for

NONVIOLENCE BEST WEAPON SAYS DR. KING

By JIM LAMB
Associated Press Writer

VILLANOVA, Pa. (AP)—Oppression of Negroes in the South and denial of their rights can be overcome through non-violent resistance, the Rev. Dr. Martin Luther King declared Wednesday night.

Dr. King, the 1964 Nobel Peace Prize winner and Negro civil rights leader, said the American Negro has come a long way since the first slaves were brought here in 1619.

"But there's a long, long way to go," he added.

CITES GAINS

Speaking at Villanova University, King said that Negroes have gained through court decisions and laws, especially the 1964 Civil Rights law. But he said wages and incomes of Negroes is behind that of whites.

He added that Negroes are often denied the right to vote, either through physical threats or economic pressure, "or because of all kinds of conniving methods used to prevent them from registering."

King said the day must come when federal registrars are sent to the South to enroll eligible Negroes. Or, he suggested, laws are passed allowing Negroes to register at the post-office. He said there are 4 million eligible Negroes not registered to vote in the South, "and it's not because of apathy."

REFERS TO SELMA

King mentioned Selma, Ala., where he has been conducting a Negro voter registration drive, just once. He said the first day of the drive, "more

Last April the Romanian Communist party adopted a sort of "white paper" on foreign policy. It announced determination to take an independent line within the Socialist camp and to take an independent line in foreign policy.

Perry County Boy Dies Of Injuries

HARRISBURG (AP)—Charles Leroy Huss Jr., 5, of Duncannon R.D. 1, Perry County, died at Polyclinic Hospital Wednesday night a little more than an hour after being struck by a car.

The accident occurred as the victim was sledding near his home. State police said the sled went into the path of a car driven by Ronald E. Wollett, 17, also of Duncannon R.D. 1.

EGG PRICES DROPPING IN MANY MARKETS

By THE ASSOCIATED PRESS

Egg prices are still dropping in many of the nation's food markets, providing an economical alternative to meat as a source of protein in housewives' menus.

Meat bargains, with the exception of specials, were expected to be on the rare side this weekend. Beef roasts could be another exception in some areas.

Veal is moving through wholesale markets faster than usual and, it too, might provide a bargain.

OTHER GOOD BUYS

Cabbage, carrots, apples and citrus fruits are again among the best-bargain bets at the produce counters. Spinach is also in good supply.

Potato prices, however, will probably continue to increase

than 800 Negroes walked down to the court house to register to vote.

"The sheriff of Dallas County herded them into an alley like they were beasts. Not one was registered."

With that kind of success, said King it will take 132 years just to register half the eligible Negroes in Dallas County.

On non-violence, he said, "I still believe that non-violence is the most perfect weapon of oppressed people."

Not only is it a "powerful weapon" of those who use it he said, but "it brings moral ends by moral means."

Monday Is Deadline To End U.N. Money Problem; U.S., Reds Face Showdown

By TOM HOGE
UNITED NATIONS, N.Y. (AP) — U.N. delegates expressed hope today that a new formula proposed by General Assembly President Alex Quaison-Sackey will avert a showdown over U.N. peacekeeping dues. The United States and the Soviet Union, however, remained deadlocked on the key question of penalties.

Quaison-Sackey in effect set next Monday as the deadline for resolving the stalemate, or going ahead with the U.S.-Soviet confrontation that many members fear could wreck the United Nations.

TO END DEBATE
Quaison-Sackey told the 115-nation assembly Monday that he intends to wind up general debate this week and proceed to election of committee chairmen and assembly vice presidents next Monday.

This would end the no-vote truce under which the assembly has been operating and bring U.S. demands for application of Article 19 of the U.N. Charter, which removes voting rights of members two years in arrears on their assessments.

Quaison-Sackey then outlined his three-point plan to head off such a showdown. He said a consensus appeared to exist in the assembly on these points:

LIKE PROPOSALS

— All members should make financial donations with the highly developed nations making "substantial contributions."
— The assembly's business should be conducted along normal lines as soon as possible.
— Every effort should be made to avoid a confrontation involving Article 19.

Many delegates appeared encouraged by Quaison-Sackey's proposal, made after Secretary-General U Thant warned the assembly that the United Na-

tions' financial position as a result of peacekeeping debts threatened to end its role as a "dynamic and effective instrument of international peace."

The United States and the Soviet Union were guarded in their reaction.

STEVENSON PLEASED

U.S. Ambassador Adlai E. Stevenson told newsmen he was happy to hear Thant remind members of the gravity of the financial situation. But he said he viewed Quaison-Sackey's remarks about resuming normal operations as an intention rather than a plan. Stevenson declared the question of "who is eligible to vote" still exists.

Soviet Ambassador Semyon K. Tsarapkin said he concurred with what both Thant and Quaison-Sackey said, but that the United States was holding up a solution.

"It is up to the United States now," Tsarapkin declared. "We have made known that we accept the Asian-African plan, but the United States has blocked settlement of the issue."

The Asian-African plan calls for voluntary contributions to a fund to help ease the peacekeeping debt. The United States has accepted this but rejected the second part of the plan which would set aside Article 19 for the remainder of the session.

NEW YORK (AP) — Another Kennedy in the U.S. Senate?

Well, not right away, but Sen. Robert F. Kennedy, D-N.Y., has a candidate in son Matthew, who is all of nine days old.

"Teddy was the ninth child in our family and he became a U.S. senator," said Kennedy as he and his wife, Ethel, left Roosevelt Hospital Tuesday with Matthew, their ninth child.

Teddy is Sen. Edward F. Kennedy of Massachusetts.

PAULIST CHOIR IS DOOMED BY LYRIC SWITCH

By MARGARET SCHERF

CHICAGO (AP) — The switch in lyrics of Roman Catholic hymns from Latin to English apparently is sounding the end of the famed Paulist Choir.

Worshippers now sing at intervals during the Mass — a function that had been performed by priests and trained vocalists.

The Rev. Eugene F. O'Malley, 63, said Tuesday in an interview he will retire after 37 years as director of the choir, a group of men and boys.

END OF ERA

"The liturgical reform movement, with congregational singing and English instead of Latin, seems to have made us unnecessary," Father O'Malley said.

"I doubt that the choir will continue. It's the end of an era."

Since its founding in 1904 at St. Mary's church — the city's oldest Roman Catholic congregation — the 85-voice choir has sung in Latin at St. Mary's will be Feb. 28.

Jack Sanford Signs Contract

SAN FRANCISCO (AP) — Right-handed pitcher Jack Sanford, who was forced from action in mid-1964, with an arm ailment, signed his 1965 San Francisco contract Wednesday, the second Giant to come to terms.

Sanford, who won 24 games including 16 in a row in 1962, was only 5-7 last season when plagued by circulatory trouble in his pitching arm. He underwent surgery in July to clear a blockage in the main artery.

Sanford tested his arm in December at the Arizona Instructional League and said he felt no pain nor numbness. His new contract is believed to call for a salary of between \$30,000 and \$35,000.

hower and the late President John F. Kennedy.

The main purpose of the choir, however, has been to sing the Latin hymns and responses during Mass at St. Mary's.

Because of liturgical changes adopted by the Second Vatican Council, the last Mass to be sung in Latin at St. Mary's will be Feb. 28.

The choir, whose members range in age from 8 to 65, was founded by the Rev. William J. Finn shortly after the Paulist fathers took over St. Mary's.

Johnson's Legislation May Get Cool Reception

By JACK BELL

WASHINGTON (AP) — President Johnson begins his first elective term today with minor congressional squalls reflecting the deep iceberg of controversy threatening some of his legislative proposals.

Although calm seas prevailed for inaugural day itself, there was an undertow of irritation among some Democrats and Republicans at the President's economy actions and a freshening wind of opposition by Republicans to his spending proposals.

"ADEQUATE TIME"

A call by Senate Democratic Leader Mike Mansfield of Montana for a speedup on the President's "Great Society" program was met with a demand from Senate Republican Leader Everett M. Dirksen of Illinois for "adequate time" for a thorough study of individual bills.

"Diligence is a good thing," Dirksen said in an interview. "But there must be adequate time for a thorough examination of each bill as it comes along. In the interest of sound legislation we must give careful consideration to each measure."

Dirksen said Republicans have no intention of engaging in tactics of obstruction by trying to stall action on administration bills. But he said they will resist to their limited ability any spending proposals they believe unnecessary.

Mansfield said he hopes the \$1.07-billion Appalachia area aid bill and a measure to curb pollution of the nation's rivers and streams — both part of the "Great Society" program — will be ready for Senate action next week.

COMPANION BILL

A companion Appalachian aid measure and a bill to provide health care for the elderly through Social Security taxes are on Speaker John McCormack's priority list for House action.

Irritation with the direction Johnson has taken in effecting budget economies in some fields in order to finance expansion in others took the form of a holding action Tuesday on the President's appointment of W. J. Driver as veterans' administrator.

Sen. Winston L. Prouty of Vermont blocked Driver's expected confirmation. He said he hopes to keep it tied up until a Senate subcommittee holds hearings on the President's order closing 11 veterans' hospitals.

LED PROTEST

Mansfield, who led a previous protest by senators against the economy move, said he doesn't believe Driver should be held responsible for the decisions.

This and a forthcoming inquiry into Johnson's cuts in the defense budget represented minor flurries compared with the major controversy the President may face later on some legislative proposals.

His call for a change in the immigration law, his suggestion for repeal of the Taft-Hartley Act provision permitting states

to enact so-called right-to-work laws and his proposal to extend minimum wage coverage appear headed for trouble.

On the other hand, Johnson's prospects for getting action on health care, an expanded education aid program and a cut in excise taxes appear bright. He also seems likely to get through Congress a big new health center program and an increased authorization for what he calls his war on poverty.

SUB RESCUES TWO FROM RAFT IN ATLANTIC

SARASOTA, Fla. (AP) — The nuclear submarine Triton rescued two men after the ditching of a civilian charter plane in the Atlantic Wednesday night. The third occupant of the plane is missing.

The Triton, guided by an Air Force pilot, went to the scene and picked up Harry Chance and Donald Horton of Sarasota from a life raft 100 miles south-east of Nassau, Bahamas.

Six planes, a helicopter and surface craft began a search at daylight for the missing man, John Stenko of Sarasota.

A twin-engine plane, piloted by Chance, was taking Horton and Stenko on a charter flight to Georgetown, British Guiana, when trouble developed.

The Air Force pilot, who was not identified, received a distress call and was hovering overhead when the plane hit the water at 8:30 p.m. He dropped flares and two life rafts, then guided the Triton to the area.

Chance and Horton told rescuers that Stenko got out of the plane all right and was wearing a life vest, but they couldn't determine in the darkness if he made it to the other raft.

sor, Manufacturers Light and Heat Company, has been operating since November, 1959, on a schedule of base rates set in response to a November, 1958, rate request.

Columbia now has a \$6,600,000 annual rate request before the Public Utility Commission. That request is not modified by today's action. It has no increased whole-sale gas costs in it.

The pending request was made to offset higher wages and prices Columbia has had to pay since 1959 and raise its rate of return 3.2 per cent to 6.5 per cent on its property value. The company was allowed a 6.4 per cent return in 1959.

The request was filed on May 27 to become effective July 28. It has since been suspended by PUC, the official said.

Columbia's charges under its proposed rate increase would run about \$1.85 a month more for home-heating customers and 44c a month more for nonheating customers. But its customers' gas costs will not reflect the full impact of these higher charges through January of 1966 because of the refund reduction announced today.

and discuss issues and topics among themselves; to increase civic pride; to build bridges of communication between groups in the county, and generally to contribute to a county environment which will be conducive to progress toward still greater maturity for Adams County.

P. H. Cunningham, general manager of WGET, said: "This program will achieve its objective if it convinces Adams Countians that the extent to which they care, the degree to which they are informed and to which they participate in community actions, can make a difference in the kind of life we live."

IN VITE SUGGESTIONS

In announcing the series, Cunningham also requested the listeners to make known their views on the programs, to suggest topics for discussion and leaders to present their viewpoints and to participate generally in making this series of programs better. Comments on the programs should be sent to WGET, P. O. Box 280, Gettysburg.

The first four programs, to be heard bimonthly, will discuss Adams County's history and lay a foundation for the topical discussions to follow.

Buddhist followers during a three-hour riot.

Saigon's military governor, Pham Van Dong, warned that the 1-to-4 a.m. curfew now in effect would be extended unless the disturbances end.

STRIKE LEADER

The leader of the hunger strikers is Thich Tam Chau, the chief of the local Buddhist institute and a leader of the Buddhist agitation which helped to overthrow President Ngo Dinh Diem.

Chau told the crowd of demonstrators Wednesday night: "If the Ngo Dinh Diem regime could be considered 100 per cent repressive, then the Huong regime must be considered 80 per cent repressive."

DRIVE CONTINUES

On the military front, U.S. sources said that the Vietnamese air force was making a determined effort to drive the Communists out of the Boi Loi forest about 30 miles west of Saigon. The sources said Vietnamese Skyraiders flew 137 sorties so far this week and further bombings were expected.

The air force is believed dropping 1,000-pound bombs in an effort to destroy deep tunnels occupied by the Viet Cong.

Clifton Daniel, daughter of former President Harry S. Truman. He lifted her over the rail of her box and made several turns around the dance floor with her while several hundred guests applauded.

During the afternoon, the President had the time of his life watching the big inaugural parade pass his reviewing stand in front of the White House.

When he got to the White House, attendants brought the beagle "Him" and the white collie "Blanco" to him and the President lifted Him up into the leather easy chair reserved for the chief executive in the reviewing stand.

The dog stayed only briefly, perhaps because Lady Bird foresaw trouble. She is reported to have hinted strongly that Blanco is an outdoors dog, used to romping, and if he started romping in the reviewing stand things could get embarrassing.

When the Georgia float rolled by, the President kept pointing, calling Lady Bird's attention, as if to say, "Look, ma."

The float was a model of a Civil War railroad train, and represented the Lady Bird special which chugged through the

added: "His condition is stationary. There is nothing more I can say."

The reference to Sir Winston's circulation was the first since the initial bulletin last Friday, which said he had had a cold, then developed a circulatory weakness following a cerebral thrombosis.

Churchill has apparently been sleeping or in a coma most of the time since he was stricken. Moran's medical reports have indicated he has felt no pain.

Churchill had been reported restless Tuesday, but at midday Wednesday Moran said the patient had slept peacefully through the night and morning.

Churchill, too ill to be moved to a hospital, lay in his ground-floor back bedroom overlooking a garden behind the brick home at No. 28 Hyde Park Gate.

SAYS "PEYTON PLACE" MILD BY COMPARISON

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Ever since ABC's evening dramatic serial, "Peyton Place," turned into one of the season's hit shows there have been rumblings about its spicy, daring themes.

The trade paper Variety coined a new word "Sexial," for the serial and reported that in at least one community a movement is under way to persuade the local television station to discontinue it.

"Peyton Place" does have some situations rarely encountered in "The Donna Reed Show" or "The Munsters."

But the ripples caused by the show's plots and subplots could only have been made by persons unaware of what has been going on for years in the daytime serials.

A friend who keeps an eye on a half dozen of them finds "Peyton Place" pretty mild stuff. In one of the daily diversions, a girl graduate of reform school and prison has married a nice young man for money but continues to have an affair with the thief with whom she once lived and by whom she is having a child.

"Peyton Place" characters, if measured by the daytime soap opera yardstick, obviously are about as naughty as Elsie Dinsmore.

DUNDEE, Ill. (AP) — Treasury agents said Albert Mears, 23, arrested at a still on his farm near Dundee told them he didn't sell his product, and explained: "I drink most of it. The rest I put in my car. It makes the car run good."

Sportswriters To Hear Sen. Kennedy

NEW YORK (AP) — A host of celebrities, headed by Sen. Robert F. Kennedy of New York, are expected to attend the New York Baseball Writers Association's 42nd annual dinner Jan. 31.

The association announced Tuesday that Kennedy will be the principal speaker at the affair, which will honor Brooks Robinson of the Baltimore Orioles, retiring National League umpire Jocko Conlan and former Brooklyn Dodgers great Zack Wheat.

PREPARE FOR SPACE FLIGHT

CAPE KENNEDY, Fla. (AP) — The space agency and astronauts Virgil I. Grissom and John W. Young today began preparing for the first U.S. two-man space flight following the success of the final unmanned launching in Project Gemini.

The success Tuesday ended months of frustration for America's man-in-space plans and opened the way to three, possibly four, tandem astronaut flights this year.

Grissom, who made a 15-minute suborbital space trip in the Mercury program, and Young are slated for an April date with the stars. They are to take a three-orbit, five-hour ride to check spacecraft systems.

Grissom, 38, is an Air Force major. Young, 34, is a Navy lieutenant commander. They have been training for their space journey for several months.

Tuesday, an unmanned duplicate of their Gemini craft rocketed over a 19-minute suborbital course and was recovered intact after parachuting into the Atlantic 2,150 miles southeast of Cape Kennedy.

"OPERATION ALERT" READY TO GO IN PA.

HARRISBURG (AP) — "Operation Alert," a program designed to attract space age industries to Pennsylvania, is ready to roll, Gov. Scranton's office reported today.

The program calls for a full-time science adviser attached to the governor's staff. Three research projects are to be launched:

1. A study of the feasibility of high-speed rail transportation between Pittsburgh and Philadelphia—a "Keystone Corridor."

2. A three-year study to determine how Pennsylvania can become a leader in utilization of computers.

3. Appointment of a Materials Advisory Board to study development of new building technology and materials fabricating.

The concept "Operation Alert" was proposed last September by the Council on Science and Technology. This same council supplied recommendations upon which the operation was designed.

The science adviser—yet to be named—will be retained and paid by the "100,000 Pennsylvanians for the Promotion of Economic Growth."

He will be a recognized Pennsylvania scientist, the governor's office said, and will serve as chairman of a volunteer Advisory Committee on Science and Technology, composed of about 15 Pennsylvanians, experts in science and engineering.

Supporting this committee will be a Commonwealth Council on Science and Technology comprised of about 100 Pennsylvania scientists and engineers.

One of the first tasks in the program will be a statewide conference of business, science, education, and government leaders to investigate industrial growth possibilities.

In addition, the state will begin now to plan for increased research in clean streams and forestry.

SEEKS CUT IN FASHION COSTS

LONDON (AP) — Royal dressmaker Norman Hartnell launched a campaign today to lower the cost of high fashion. Hartnell opened London's winter fashion show season with a collection of clothes that will sell at around half the usual price.

The new vogue has the hand-finish a haute couture. A client chooses a dress in which the main seams are left unsewn and it is made up into the size nearest her fitting.

Prices range from \$132 to \$294. The Hartnell collection featured simply cut linen suits, silk shirt-waister dresses with pleated skirts and linen blazers, silk coats with seams split to the waist and sheath-like evening dresses with masses of embroidery.

PLANS PROBE OF TUITION IN PA. SCHOOLS

LEVITTOWN, Pa. (AP) — A legislator from Bucks County says that his committee will investigate what he calls exorbitant tuition charges at state-aided colleges and universities.

Rep. James Gallagher, a Democrat from Levittown and chairman of the House Higher Education Committee, said today that he hopes to get the inquiry under way next month. He added that the committee will travel about the state and hold hearings "where they will do the most good."

"It seems incredible, in view of our excellent free public school system, that our colleges and universities should charge such exorbitant tuition."

Gallagher said that 15 state colleges and 16 other colleges and universities received \$72 million in state aid last year.

The state colleges, which are controlled by the state, got \$22 million.

OTHER TUITION
"Pennsylvania State University has a \$25-a-year tuition," he said. "This is higher than any other state college or university in the nation." He said Penn State received \$25 million in state aid.

The University of Pennsylvania, Gallagher continued, received \$6.6 million in state aid and has a tuition of \$1,750 a year, and that Temple University got \$6.5 million and has a tuition of \$920 a year.

Gallagher said that he favors a plan similar to one proposed by Temple under which the university would have a state-related status similar to Penn State—a state aid school but controlled by a private board of trustees.

Gallagher noted that Temple has asked for this status by 1970, and has promised to reduce its tuition to \$500 a year by then.

TV NETWORKS DEVOTED DAY TO INAUGURAL

By CYNTHIA LOWRY
AP TV—Radio Writer

NEW YORK (AP) — The three big television networks were thoroughly preoccupied Wednesday with the kind of an event that is admirably tailored for camera coverage: The inauguration of President Lyndon B. Johnson, and the parade and balls that followed.

The ceremonies were meticulously planned far in advance, the parade route and order of march were established and the locations of the balls pre-arranged, giving the networks ample opportunity to set up their complicated electronic equipment in strategic locations and have their staffs gather facts and figures about present and past inaugurations with which to keep the commentary going during waits — the luncheon break and the delay before the parade started.

NBC, with its "Today Show," started its inaugural coverage at 7 a. m. and did not return to regular programming until shortly after 5 p. m.

DID GOOD JOBS

ABC and CBS joined the coverage at 10 and 10:30 a. m. All of the networks top hands were in their accustomed places. And with assists from big staffs, they all did good jobs.

The climactic moments of the day needed no network commentary — when an earnest President and his vice president took their oaths of office, and

Would Step Up Mine Reclamation

WASHINGTON (AP) — Sen. Hugh Scott, R-Pa., urged the Senate Public Works Committee today to approve a stepped-up strip mine reclamation program as part of President Johnson's Appalachian development bill.

In a statement submitted to the committee which began hearings on the President's program last Tuesday, Scott called Appalachia development one of the most important questions to face the new 89th Congress.

He is a co-sponsor of the program but said its provisions to reclaim strip-mined areas are inadequate.

As now drafted, he said, the bill would authorize \$3 million for strip mine reclamation projects but only \$250,000 of this could be spent this year for a pilot study.

during the President's brief and effective speech.

All through the day it was reassuring and impressive to see the rigid security precautions. Commentators, however, seemed to go out of their way to remind us constantly that President was riding in the very car in which his predecessor was assassinated.

We women logically expected the most fun would be in watching the inaugural balls, courtesy of NBC and CBS, particularly the ball gowns. However, the ball rooms were packed jammed and it was impossible to see many gowns, although lots of high, expensive hairdos were sighted.

SUIT TESTING STATE GRANTS TO CHURCHES

By TOM STUCKEY
Associated Press Writer

ANNAPOLIS, Md. (AP) — A suit filed to challenge the legality of state grants to church-related colleges has been recessed until Feb. 23 to allow opposing attorneys time to prepare constitutional arguments.

The final bits of evidence were put into the record Wednesday in the 12th day of hearings into a case which could have a far-reaching effect on the entire spectrum of church-state financial relationships.

The case involves construction grants totaling \$2.5 million awarded to four church-affiliated colleges by the Maryland legislature in 1962 and 1963. Thirteen Maryland taxpayers brought the legal action, charging the grants violate both state and federal constitutions.

Attorneys for the 13 plaintiffs introduced masses of evidence attempting to show that each of the four colleges is influenced by the religious group with which it is affiliated.

Lawyers for the colleges tried to show that they give an education essentially the same as that offered by public liberal arts colleges.

PUT BRAKES ON PSU CENTERS

PITTSBURGH (AP) — The chairman of the State Board of Education says he doesn't think any more Pennsylvania State University centers will be approved at this time.

Otis C. McCreery, also a member of the board's Council on Higher Education, made the statement Tuesday.

He disclosed a preliminary report from Ralph R. Fields & Associates of New York, a private educational research organization, urging the state not to approve any more Penn State centers until a master plan for community colleges is completed.

The report advises the action in order to prevent a conflict with establishment of community colleges, McCreery said.

He added the council wants to be "careful and figure out all angles of this" before making a final decision.

water. Not if you perform in water!

As proof, just try this leg trimmer during your daily bath. All you do is stretch out in a tubful of warm water and relax for a few minutes.

Then, still in reclining position, press your left foot against the end of the tub and contract the

leg muscles—push down hard with the foot and pull up hard with the leg muscles. Hold position for six slow counts, and work with the right leg. Repeat twice. That's all!

If you perform faithfully, you will soon develop maximum control over the entire leg musculature, from the calf through the knee to the top of the thigh. It is then the legs begin to firm and slim. Maximum contractions make for a steady network of muscles and the network acts to refine and restrain fleshy areas.

As an incidental booster to the routine, make a point of switching heel heights at least once daily. Switch from flats to spikes, or vice versa. That tactic equalizes the muscular action in the legs by alternately tightening and relaxing the muscles. The effect is almost as beneficial as conscious effort. Almost!

For certain, you couldn't find a lazier way to contour the leg-line. Other areas can be trimmed just as easily. To learn the secret, watch the column!

LEGLINE TRIMMERS

If your individual problem is heavy legs, send for my new leaflet, LEGLINE TRIMMERS, which contains spot reducing exercises that will meet your individual needs, whether for thighs, knees, calves or ankles or for contouring your entire legline.

Seek More Time To Arrest Nazis

BONN, Germany (AP) — A bill to give the West German government another 10 years to track down Nazi murderers has been introduced in Parliament. The present statute of limitations bars new prosecutions in most of West Germany after May 8.

Deputy Ernst Benda of Chancellor Ludwig Erhard's Christian Democratic party presented the measure Tuesday without party support, but he is expected to be able to gather the 50 signatures required for consideration.

The present 20-year statute is considered to run from the date of the German surrender.

LBJ SPEECH IS PRAISED BY SCRANTON

WASHINGTON (AP) — Pennsylvania Gov. William W. Scranton had only compliments for the inauguration address of President Johnson, the man the Republican governor once sought to oppose for the presidency.

Scranton, who lost a bid for the Republican presidential nomination, said after the speech Wednesday, "It is the kind of thing I like to see for the leadership of all the people."

Scranton said he liked the emphasis on the anti-poverty program and added, "all of us believe it can be done if all Americans work together."

IN WHITE CONVERTIBLE

Scranton headed Pennsylvania's entry in the inauguration parade, riding on Pennsylvania Avenue in a white convertible. When he passed the reviewing stand, Scranton stood up and saluted toward the President. Johnson responded with a smile and a nod.

Pennsylvania had no float in the parade, but was represented by the Cardinal Dougherty High School band from Philadelphia.

Hundreds of Pennsylvanians streamed into the Capital by train, plane, bus and auto for the festivities.

Japan Sells Plant To Chinese Reds

TOKYO (AP) — The Japanese government brushed aside Nationalist Chinese objections today and agreed to the sale of a multimillion-dollar vinyl plant to Communist China.

Plans for the sale severely strained relations between Japan and Nationalist China last year. Japan maintains diplomatic relations with Nationalist China but allows its businessmen to trade with the Communists.

About 1,300 came from Philadelphia, 500 from Montgomery, Berks and Schuylkill Counties aboard special trains and another 60 from Harrisburg in a special car on a Washington-bound train.

Tickets for the reserved area were scarce, with top-ranking Democrats getting most of them. Francis R. Smith, chairman of the Philadelphia Democratic Committee, had about 20 tickets. He passed them out to high-ranking party men, such as Philadelphia Mayor James H. J. Tate and City Council President Paul D'Ortona.

Mayor Joseph M. Barr of Pittsburgh and other Allegheny County Democrats got their tickets from former Pennsylvania governor David L. Lawrence, now a member of the administration.

TALKS TO GOVERNORS

Earlier in the day, speaking of the Republican governors, Scranton said he thought they were now taking a stronger role in the party, "but I don't think we are taking over."

"The results of the governors' conference in Denver were very good indeed," said Scranton, and he mentioned the impending change in the national chairmanship of the party.

The importance of the governors, said Scranton, "is based on the very obvious fact that the state organizations are the basic strength of any party."

JOHNSON IS LATE FOR HIS BIG PARADE

By WALTER R. MEARS

WASHINGTON (AP) — President Johnson was half an hour late for his own parade. But he stayed late, too, and offered an informal footnote to his solemn inaugural address.

Despite the delayed start, the sun hadn't set when the open convertible carrying M. W. Goddard, governor of the Trust Territories of the Pacific, rolled past the bullet-proof presidential box, bringing up the rear of the inaugural parade.

And, as he had all afternoon, Johnson stood gave a fluttering wave and applauded as the final installment of the inaugural parade rolled by, 2½ hours after Johnson took the place of honor beneath a giant presidential seal.

LOWER BARRIERS

Then it was the crowd's turn. Police barriers were lowered, and well-wishers swarmed onto Pennsylvania Avenue in front of the White House, to cheer and wave.

Mrs. Johnson waved back and blew them a kiss. Then the President turned from his handshaking farewells to political figures and government leaders who had packed the reviewing stand, and waved to the crowd in the street below.

He went back to his own box, shielded by bullet proof glass, and picked up a microphone.

"You are wonderful people," Johnson said, "and you have made this such a lovely day, and we will try so hard to be worthy of your trust and your friendship."

Police estimated that one million were on hand to watch the parade between the Capitol and the White House.

Texan Fails To End Syrian Oil Blaze

DAMASCUS, Syria (AP) — Valiant efforts by the ace Texan oil well firefighter, Paul (Red) Adair, have so far been unsuccessful against a giant well fire which broke out in Kuwait Jan. 3.

A traveler from Kuwait said the blaze is 280 feet high and "at night it illuminates a five-mile radius so intensely that cars can travel without lights."

The area around the well, jointly owned by British Petroleum and the Gulf Oil Co., has been flooded with 10 million gallons of water to protect nearby installations.

DIVER DROWNS IN RESCUE TRY

NORTHAMPTON, Pa. (AP) — A scuba diver drowned Wednesday night while attempting to recover the body of a nine-year-old boy who fell through the ice on the Lehigh River.

The boy, Frank Lang, of Northampton, had drowned earlier in the day when the ice broke as he was crossing the frozen river with three other boys.

The dead diver, Robert W. Mihulec, 20, of nearby Allentown, was a member of the Fountain Hill emergency diving squad.

According to witnesses, Mihulec and Gary Sampson, 19, of nearby Salisbury Township, who volunteered to join the recovery operation, tied themselves together and went beneath the ice. After a few minutes in the water, their lights disappeared, witnesses said.

Sampson was treated at the hospital for exposure and discharged.

Sales of travelers checks total about \$4 billion a year.

LBJ ENDS BIG DAY DANCING AT 5 PARTIES

By FRANCES LEWINE

WASHINGTON (AP) — A bit tired but beaming, President Johnson celebrated his inauguration at all five of his jam-packed inaugural balls. But he had to admit:

"Never have so many paid so much to dance so little."

It was an exuberant evening for the First Family and for Vice President and Mrs. Hubert H. Humphrey.

In fact, Humphrey became so exuberant at one point that he wished for success and happiness for the administration in the next four years "and then we'll continue on for four more years."

But when someone in the crowd, remembering the vigorous Humphrey campaign, shouted "Give 'em hell, Horatio," Humphrey grinned and said "not tonight."

It seemed every one of the expected 25,000 went to the dances at the National Guard Armory, and the Mayflower, Statler-Hilton, Shoreham and Sheraton-Park hotels.

Johnson was grateful and told the crowd at his final stop — the Sheraton-Park ballroom: "This has been a great day and a great night."

TAXES \$5 DETAIL

After working through the throngs that taxed his heavy Secret Service detail, the President concluded: "One thing I can say about the Great Society — it sure is crowded."

Though he celebrated happily Wednesday night, accompanied by his wife, daughters, their dates, the Humphreys and inaugural officials, the President was ready to get back to work. He told a reporter as he drove

Negroes Renew Facilities Drive

SELMA, Ala. (AP) — With the voter registration board in recess, Negroes turn their attention back to restaurants and other public facilities in Selma today in a continuing civil rights campaign.

They talked about renewed efforts to get service at a downtown drug store where one group was turned away Monday and perhaps at three others whose lunch counters they found closed.

The right-to-vote drive which sent 225 Negroes to jail in two days was halted temporarily because the registration board completed a three-day week Wednesday and recessed until Monday.

back to the White House at 12:30 a.m. that he'd be at work early. In fact, he admonished the ballgoers: "Don't stay up late. There's work to be done. We're on our way to the Great Society."

NEWSPAPER AD BRINGS ABRUPT END TO TRIAL

HOLLIDAYSBURG, Pa. (AP)—An advertisement in a newspaper has brought an abrupt end to the trial of Altoona Councilman Robert E. Smay, accused of misusing public property.

President Judge John M. Klepser of Blair County Court declared a mistrial Wednesday because of what he called a political advertisement in Tuesday's edition of the Altoona Mirror.

He also charged with contempt of court Attorney T. Dean Lower of Hollidaysburg, who bought the ad. Lower is an independent candidate for judge in the May primary.

Called "OLD" Lower said in the ad that the court had delayed in bringing the case to trial and described it as "old."

"The said publication is hurtful both to the defendant and the Commonwealth," Klepser said, "and we are of the settled opinion that we believe we are justified in our concern and fear that the attainment of a fair and impartial trial is gravely in danger."

The trial which started Monday was rescheduled for the March term. Smay, a Republican and Altoona's water parks and public property director, is charged with 42 counts of misfeasance, malfeasance and nonfeasance in office.

Contempt proceedings Lower said he didn't think either the prosecution or defense were prejudiced by the ad and said he didn't believe anyone was hurt.

He has been ordered to appear within 10 days to show cause why he shouldn't be held for contempt of court.

NEW CHARGES BY I. W. ABEL

PITTSBURGH (AP)—Sources sympathetic to the steel industry are supporting incumbent David J. McDonald for the presidency of the United Steelworkers, says his opponent.

"By and large the industry is staying out of it (the Feb. 9 election) entirely," I. W. Abel said Wednesday at a news conference.

But he added he based his contention on editorials in newspapers that are "dancing to the steel industry's tune" and addresses by Tom Campbell, publisher of Iron Age, and Walter F. Carey, president of the U.S. Chamber of Commerce.

Abel, the USW's secretary-treasurer who is attempting to unseat McDonald, the president the past 12 years, said Campbell and Carey made comments favorable to McDonald but detrimental to him and his campaign.

Steel executive Edgar Kaiser "has talked to some people in an attempt to get support for McDonald, Abel said.

PURPOSE DEFEATED

PENSACOLA, Fla. (AP)—When a house caught fire, a neighbor woman joined the housewife in a bucket brigade to quell the flames.

The housewife was spattered with water and a fight broke out. The neighbor was hospitalized for face injuries. The housewife was charged with assault. The house burned down.

Australia's working force totals 3,702,000 persons.
